PROFESSIONAL SUMMARY

Information Systems graduate with corporate internship experience, freelance client work, and 6 years of community leadership. Clear communicator, detail-oriented, and fast to adapt — ready to deliver from day one.

EXPERIENCE & LEADERSHIP

EasyCom Japan Philippines Inc.

Feb 2026 – Jun 2026

(Full Stack Mobile Developer Intern | 486 hrs)

- Collaborated within a professional software development team, communicating progress and blockers to supervisors in a structured corporate environment.
- Took complete ownership of assigned modules — independently planned, developed, tested, and delivered features on schedule with minimal supervision.
- Demonstrated high attention to detail and data accuracy when processing structured information from complex government regulatory documents.
- Built technical documentation to support team knowledge-sharing and smooth handover of deliverables.

Graphic Artist / Video Editor / Social Media Manager

2023 – 2024

(Freelance & Commission Work)

- Managed client relationships, expectations, and deadlines independently across three clients in different industries; delivered creative outputs on time under shifting requirements.
- Conducted cold outreach at Becarman — calling local businesses to pitch and invite them to join the platform being developed.
- Handled all client communication and revisions independently, adapting to diverse client personalities and working styles.

Leadership & Community Service

- Facilitated 6 batches of multi-week seminars — led group sessions, managed group dynamics, and guided participants through a structured program.
- Coordinated teams for youth events including sportsfests, outings, and community outreach programs.
- Mentored younger members, adjusted communication style to connect with participants of varying ages and personalities.

KEY STRENGTHS

- **Communication** — Can explain technical concepts to both technical and non-technical audiences; developed through 6+ years facilitating seminars and leading youth groups of diverse personalities.
- **Attention to Detail** — Trained through professional coding and handling complex government regulatory documents during internship; catches and corrects errors before they escalate.
- **Fast Learner** — Took full ownership of an unfamiliar module within the first week of internship. Self-taught multiple programming languages, creative tools, and office software.
- **Self-Motivated & Accountable** — Delivered solo and team projects from planning to completion with minimal supervision in both internship and freelance settings.
